Reggie is considering using petty cash for receipts and payments of under $10 **only**. All other receipts would be required by bank transfer and all other payments would be made by bank transfer. The imprest amount would be reduced to $100.

REQUIRED

(c) Advise Reggie whether or not he should require that all receipts over $10 are made by bank transfer and make all payments over $10 by bank transfer. Justify your answer by providing both advantages **and** disadvantages of making this change.
